Corporate Profile

China Ming Yang Wind Power Group Limited is a leading wind turbine manufacturer in China, focusing on designing, manufacturing, selling and servicing megawatt-class wind turbines. Ming Yang produces advanced, highly adaptable wind turbines with high energy output and provides customers with comprehensive post-sales services. Ming Yang cooperates with aerodyne Energiesysteme, one of the world's leading wind turbine design firms based in Germany, to co-develop wind turbines. In terms of newly installed capacity, Ming Yang was a top 10 wind turbine manufacturer worldwide and the largest non-state owned wind turbine manufacturer in China in 2013.

Working with Germany-based aerodyn Energiesysteme GmbH, one of the world's leading wind turbine design firms, Ming Yang has produced three types of wind turbines: 1.5MW, 2.0MW and SCD 2.5/3.0MW. Ming Yang maintains research and development offices in Asia, Europe and North America and its turbines and rotor blades are made in its nine production facilities and engineering service bases in Guangdong, Tianjin, Jilin, Jiangsu, Guizhou, Yunnan, Inner Mongolia, Gansu and Xinjiang Hami. With the advantages of its technology expertise, lower cost structure and access to financing, and through the establishment of strategic partnerships and joint ventures to enhance its supply chain and geographic coverage, Ming Yang aims to accelerate its business development both in China and in overseas markets. In 2012, Ming Yang formed a strategic partnership with the Reliance Group, one of India's largest private enterprises, to co-develop clean energy projects.
